His presence can provide a rapid growth of a city and building some districts in a single turn! It is a very powerful disability for the Mali Empire that has problems with money production and surplus. Each object of this type will increase gold income from each commercial route. Also, you'll find out how to use the unique unit and the business district of Suguba. Thanks to what you can create your fastest religion to increase the income of the points of faith. Not only did it doubl the income from the districts (which makes the combination of districts and bonus described above by even more powerful doctrine) and income for every city citizen and unused camps in the city, but allows you to expand faster districts. Their price is frequently three times lower when you pay with the faith instead of gold. It is the only governor who allows you to buy districts for gold. Itineraries of Mali Trade from the city to the desert offer a further piece of gold for every desert field on the city border. When you play with this nation, the beginnings are difficult and depend strongly from where you begin.
